

Contents of The Vasculum

All issues contain 'Notes and Records' and most contain 'News from Societies'.

1915		
1		
Newts	George Bolam	5
The Hancock Prize	C. E. Robson	9
The British Association's Visit to Newcastle in 1916		13
The Black Hall Rocks-A Naturalist's Paradise	H. Preston	14
Plants Worth Studying I.-Root Parasites	J.W.H. Harrison	18
A New Species of Neuroptera From the North of England.	Richard S. Bagnall	22
The Long-Tailed Tit		25
2		
Winter and Summer at Budle Bay	E. Leonard Gill	33
Record of A New British Froghopper (Homoptera) From Teasdale.	Richard S. Bagnall	37
Plants Worth Studying II.-Carniverous Plants	J.W.H. Harrison	38
Ballast Plants at Middlesbrough	H. Preston	42
Belsay Lake	J.E.H	43
A New Flowering Plant North Yorkshire.	J.W.H. Harrison	46
Glacial Surface Features	J.A. Smythe	47
The Pied Flycatcher. (<i>Muscicapa Atricipilla</i> L.)		52
A List of Birds Observed of the Outer Farnes. Seasons 1911-1914, From May 13th to August 17th.	Edw. Miller	54
3		
On Some Birds in Teesdale	George Bolam	65
A List of Birds Observed On the Outer Farnes Season 1911-1914, From May 13th to August 17th.	Edw. Miller	68
Local Pseudoscorpions	J.E. Hull	70
The Collecting of Coleoptera.	Prof. T. Hudson Beare	75
Pupa Hunting	J.W.H. Harrison	78
Talks About Plant Galls.	Richard S. Bagnall, F.L.S., H.S. Wallace	88
4		
A List of Birds Observed On the Outer Farnes. Season 1911-1914, From May 13th to August 17th	Edw. Miller.	97
<i>Rosa Eminens</i> (Harrison)-A New Micro Gene of <i>Rosa Mollissima</i> (Willd.)	J.W.H. Harrison	99
Talks About Plant Galls II.-Galls in General	Richard S. Bagnall, H.S. Wallace, F.E.S.	103
Curious Nesting Sites		104
Uncommon Birds in North Tyne.-	Abel Chapman	107
The Collecting of Coleoptera.	Prof. T. Hudson Beare	109
The Northumberland Lakes	H. Jeffreys	113
<i>Vespa Austriaca</i>	J.W.H. Harrison	117
Snout-Mites: An Introduction to the British Bdellidae	J.E. Hull	123
The Breeding of the Ruff in Durham	C.E. Milburn	
1916		
1		
Flowering Plants of An Upland Dale (West Allendale)	J. E. Hull.	1
Upper Swaledale	H. Preston	7
Talks About Plant-Galls III.-Gall. Wasps Other Than Those Affecting Oak.	Richard S. Bagnall.	9
The Trichoptera Or Caddis-Flies	J.W.H. Harrison	12
On the Slopes of Cheviot	J. E. Hull	16
The Garganey in South. East Durham.	C.E. Milburn	24
2		
Marine Zoology at Redcar.	H. Preston	
Jottings From the East Nook of Cumberland.	George Bolam.	37
Talks About Plant Galls. IV.-Cecidomyiidae Or Gall Midges.	Richard S. Bagnall , J. W. H. Harrison	42
The Study of Moors.	F. Elgee,	46
The History and Geography of the Shrubby Cinquefoil. (<i>Potentilla fruticosa</i> Linn.)	J. W. H. Harrison	49
On the Rearing of Caddis Flies.	Geo. B. Walsh	51
Zoological Miscellanea.	George Bolam	52
3		
Jottings From the East Nook of Cumberland.	George Bolam.	
An Ornithological Survey of 1916, Primarily Relating to the Alston District	George Bolam	69
On the Preparation of Insects As Microscopic Mounts.	Geo. B. Walsh	75

First Experiences With A Marine Aquarium.	H. Preston	81
An Unknown Warbler in North Tyne	Abel Chapman	85
Great Grey Shrike	Abel Chapman	86
Woodcock in Spring	Abel Chapman	86
4		
Mice, Voles, and Shrews	George Bolam	98
Some Beasts of Barn and Byre	J.E. Hull	104
Concerning Grebes.	Abel Chapman	113
Talks About Plant Galls.V.-Mite.Galls (Eriophyidae).	Richard S. Bagnall, F.L.S., J.	116
A New British Midge.Gall From County Durham.	W. Heslop Harrison, :M. Sc.	
Newham Bog.	Barry Stewart	120
	J. E. Hull	121
1917		
1		
The Vegetation of Sea Sand.	Harold Jeffreys	1
An Historical Account of the Pseudo Scorpionfauna of the British Isles.	H. Wallis Kew	5
Natural Features in Local Placenames	Rev. J. E. Hull	6
Sallowing.	J. W. H. Harrison	12
The Nightjar (<i>Caprimulgus europaeus</i>)	J. S. T. Walton	14
The Entomologist's Bookshelf	Geo. B. Walsh	20
A Few Notes From Upper Teesdale.	T Ashton Lofthouse	27
New British Lichen From Teesdale.		29
2		
Some of Our Reptiles & Amphibians and How to Know Them	Humphrey George Bolam.	35
Jottings From the East Nook of Cumberland.— (Continued),	George Bolam	40
Natural Features in Local Place.Names	Norman Hills Patterson	
Eel Worms	H. S. Wallace	48
Primitive-Tails, Bristle-Tails, and Spring-Tails-I	Richard S. Bagnall	52
A Rare Pond.Snail (<i>Limnaea auricularia</i> L.)	George Bolam	56
Ornithological Notes From Middlesbrough, Chiefly Relating to 1916.	C. E. Milburn.	57
Northumbrian Pisidia (Fresh Water Mollusca).A	M. Oliver	59
A New Species and Genus of Aleyrodidae From Durham.	J. W. H. Harrison	60
3		
Primitive-Tails, Bristle-Tails, and Spring-Tails. Ii-The Order Protura.	Richard S. Bagnall, F.L.	64
The Erosion of Rocks.	J. A. Smythe	73
Notes On the Winter of 1916-17 in the Alston District,More Particularly As It Affected	George Bolam	78
Wild Life		
The Genera <i>Orchis</i> & <i>Gymnadenia</i> in Durham	J. W. Heslop Harrison	86
Swallows at the Front in France.	Rev. Cyril Lomax	90
Obituary-C. O. Trechmann		90
4		
Our Local Seaweeds.	W. H. Young	97
Eyeless Migrants.A Life Episode of Some Gamasids.	J. E. Hull.	102
Notes On the Winter of 1916.17 in the Alston District,More Particularly As It Affected	George Bolam	110
Wildlife		
Birtley Fell. J	W. H. Harrison	115
Grant Allen On Floral Colour.	J. E. H	118
The Convolvulus Hawkmoth		126
1918		
1+2		
Obituary Prof. G. A. Lebour.		1
On Water Voles and Shrews.	Charles Robson	8
On the Effect of the Winter of 1916-17 On Bird Life.	George Bolam.	9
Primitive-Tails, Bristle-Tails, and Spring-Tails.The Blind Bristle-Tails-Campodeidae	Richard S. Bagnall	13
Cobwebs.	J. E. Hull	22
Easter On the Pennines:A Fragment.	The Late G. A. Lebour	
Bird Life and the Severe Winter of 1916 -17.	J. S. T. Walton,	34
The Grasshopper Warbler.	J. E. Ruxton	36
Unusual Nesting Sites of Willow Wren and Wood Warbler. -	George Bolam	39
A Wensleydale Week.	T. Ashton Lofthouse	40
The Significance of Local Lists.	Geo. B. Walsh	47
3+4		
The Dancers of the Torrent.	Richard S. Bagnall	53
The Harlequin Duck (<i>Cosmonetta histrionica</i>).	The Late Alfred Crawhall	58
	Chapman	
The Whiskered Bat <i>Myotis mystacinus</i> (Kuhl), An Addition to the Local Fauna.	George Bolam.	59
Bercovicus A Sketch.	A. S. Dean	63

Fish and Frog Showers.	H. S. Wallace	72
The Flora of A North Tyne Farm Miss	C. E. Measham	75
Obituary Alfred Merle Norman		
The History & Geography of the Bog Asphodels of the Genus Narthecium.	J. W. Heslop Harrison	83
Ornithological Miscellanea.	George Bolam	86
A Hen Harrier [<i>Circus cyaneus</i> , (L.)], in Westmoreland; With Notes of Some Other		90
Birds in That County		
The Significance of Local Lists.	Geo. B. Walsh	90
1919		
1+2		
Haunts of the Black-Headed Gull.	Wm. Percy Mail.	1
Durham Place.Names.	J. E. Hull	5
British Hydracarina.	Chas. D. Soar	11
Penshaw.	H. S. Wallace	17
Stray Notes On Plants.	Dr. J. W. H. Harrison.	
The Physiography and Geology of Penshaw Hill and District.	David Woolacott	21
Birds Eggs.	J. S. F. Walton	26
Demodex and Föllicular Mange.	J. E. Hull	29
Talks About Plant Galls.VI.-The Wasp Galls of the British Oak.	R. S. Bagnall, F.L.S., J. W. H. Harrison	31
3+4		
Some Winter Wildfowl.	George Bolam	49
Bird Notes On the Borders, 1918-19.	Abel Chapman	56
Bird Notes From the Hancock Museum.	E. L. Gill	60
Celtic Survivals in Northumberland and Durham.	J. E. Hull	62
The Moth and the Candle.	Dr. J. W. H. Harrison	76
A Curious Coccid-Like Midge: (<i>Rhabdophaga pseudococcus</i>).	Richard S. Bagnall	79
The Wolf of the Shingle.	J. E. Hull	82
1920		
1		
The Protection of Wild Birds.	George Bolam.	1
The Spider Family Linyphiidae:An Essay in Taxonomy.	J. E. Hull	7
Ornithological Miscellanea.	George Bolam	11
A Senseless and Cruel Slaughter	George Bolam.	16
The Chestnut and Buff Variety of the Partridge.	E. L. Gill,	17
The Newly Established Entomological Section of the Natural History Society of Northumberland, Durham and Newcastle.	A. D. Peacock	20
Bird Notes From Middlesborough.	Charles E. Milburn	21
2		
Blackwall's Spiders of Great Britain & Ireland.	J. E. Hull.	
Distribution of British Beetles: Some Notes On Recent Extensions of Range.	Horace St. J. K. Donisthorpe 3	2
Natural Features in Local Place Names. Addenda Et Corrigenda.	J. E. Hull	37
More Abnormalities in Plants.	J. W. H. Harrison	45
Some Notes On the Flora of Upper Teesdale.	George W. Temperley ,	48
	Randle B. Cooke	
The Polecat, <i>Mustela Putorius</i> , L. (Or <i>Mustela Mustela</i> As It Is Now Generally Called) in Durham.	George Bolam	52
A New Bird For the Local Lists.	George Bolam	53
The Destruction of Rare Birds and Mammals.		55
3+4		
Some Sub Alpine Gallmites (Eriophyidae).	R. S. Bagnall, F.R.S.E., F.L.S., J. W. H. Harrison	61
Distribution of British Beetles: Some Notes On Recent Extensions of Range.	Horace St. J. K. Donisthorpe	64
The Harvest Bug.	J. E. Hull.	73
Some Notes On the Flora of Upper Teesdale.	George W. Temperley ,	76
	Randle B. Cooke.	
Upper Teesdale Place Names	J. E. Hull	82
Lizards and Slow Worms.	George Bolam	90
An Acarological Pioneer.	J. E. Hull	95
Bird Notes		102
1921		
1		
Recent Work On Isotopes.	Alexander Fleck, D.Sc.	1
Physics Notes.	R. G. Lennon, M.A., B.Sc.Theories of Atomic Structure	5
	A. Rudge	7
Brief History of the "Leblanc" Process.	B. Storrow.	12
<i>Amphidinium operculatum</i> (Claparède & Lachmann).		

Contributions Towards A Knowledge of the Collembola.I-	Some New Or Little Known Sminthuridae.Richard S. Bagnall,	13
Some New Mites.	J. E. Hull.	17
Soil Acidity.	S. Hoare Collins	20
The Variation of <i>Primula Farinosa</i> L. in County Durham.	J. W. Heslop Harrison	21
Zoological Miscellanea.	George Bolam.	26
Ginkgo Biloba.	K. B. Blackburn	28
Little Bunting, <i>Emberiza Pusilla</i> , Pallas. A New Bird For Northumberland.	George Bolam.	31
Local Place Names.	J. E. Hull.	32
2		
The Inheritance of Size in the Crosses Involving <i>Oporabia Autumnata</i> and <i>O. Filigrammaria</i> .	J. W. Heslop Harrison	50
Geological Processes-Past and Present.	L. Hawkes	57
A Recent Chapter in Medical Entomology.	A. D. Peacock	65
Dimethylglyoxime As A Reagent in Analysis.	P. L. Robinson	73
Sampling Antimonial Lead.	J. B. Duncan	76
Nitrogen Fixation By the Agency of Plants.	K. B. Blackburn	78
Waders On the Northumberland Coast in September, 1920.	G. W. Temperley	80
The Theory of Relativity.	R. G. Luknok	82
A Few Notes On Thorns.	W. Lomas	86
3		
A Simple Fungus Parasite.	A. W. Bartlett	97
Minerals of the North Country. Graphite.	J. A. Smythe	100
Eagles in Northumberland and On the Borders During Winter of 1920-21.	George Bolam.	103
Female Birds Assimilating the Male in Plumage.	George Bolam	105
Atomic Numbers.	T. Haxby	107
Some Observations On A Few of Our Reptiles.	Charles Robson	113
4		
Not Published		
1922		
1		
Documentary Forms of Personal and Place Names.	A. Hamilton Thompson	1
The Purpose of the Roman Wall.	R. G. Collingwood	4
A Recent Chapter in Medical Entomology.	A.D. Peacock	9
Eel-Worm Galls. Richard S. Bagnall		17
Minerals of the North Country. II.-Fluorspar.	J. A. Smythe	19
Armstrong College Summer School of Biology.		25
Obituary John Gardner		27
